We need participants for

1. Kids Fashion Show

- kids can sing or dance or act, solo or in a group. These are all amateurish, very fun and a great way for kids to bond together. Typically practices need not take more than a few weeks and choreography may be found on youtube

3. Presentations

- **we need about 7-10 parent run groups to create our global experience**
- **each group would have about 3 kids (your own and friends) and would be assigned to a randomly chosen country**
- **the kids would create a presentation using a provided template that would then be displayed (should not take more than 4-5 days to create)**
